Title of the research program	TEXTS, TRADITIONS AND BOOK CULTURES. ITALIAN AND ROMANCE STUDIES
Descrizione del programma di ricerca	<p>The research program should concern the strategies of production, diffusion and circulation of manuscript and printed works of both Italian and Romance area, produced in the medieval or modern age, with particular attention to the multiplicity of factors (historical, political, economic, religious) that determined forms and contexts of intellectual debate.</p> <p>The research program should be based on codicological-paleographical, historical-linguistic, philological, and historical-literary skills, always keeping a firm focus on the historical-cultural problems underlying the writing practices whose analysis is to be proposed. Therefore, works of critical edition and/or commentary on works functional to a greater understanding of the cultural space of the period under consideration will be considered; investigations inherent in the compromise between literary language and the languages of other spheres of knowledge (politics, law, science, history of ideas and intellectual groups).</p>
